# 703657 PS/2 Web Engineering

## Task 6 - Project Implementation

Wednesday, 2015-05-27

## Schedule - Where are we now?

Session	Date	Task
1	Wed, 2015-03-11	Project idea
2	Wed, 2015-03-18	Requirements engineering
3	Wed, 2015-03-25	Web Application Modeling
4	Wed, 2015-04-15	Progress / Presentation
5	Wed, 2015-04-22	Web Application Modeling II
6	Wed, 2015-04-29	Testing and Usability
7	Wed, 2015-05-06	Mid-Term Report / Presentation
8	Wed, 2015-05-13	<b>Project Implementation</b>
9	Wed, 2015-05-20	
10	Wed, 2015-05-27	
11	Wed, 2015-06-03	Progress / Presentation
12	Wed, 2015-06-10	Project Management & Deployment
13	Wed, 2015-06-17	-
14	Wed, 2015-06-24	Final Report / Presentation

## Group Assignment:

1. Implement your project
  - Focus more into your project's requirements fulfilment
2. Each session, write a project self-assessment report
  - At the end, you should be able to justify the unfulfilled requirements (if any)

No.	Requirements	Status
1	Requirement 1	50%
2	Requirement 2	10%

Next session (Wednesday, 2015-06-03):

1. Present your project status to the class
  - (i). Describe your project implementation progress
  - (ii). Assess your time horizon:
    - What do you want to achieve for the rest of the course
  - (iii). Assess your requirements fulfilment
    - List and explain the fulfilled requirements
  
2. Presentation guide:
  - For each group, allocated time is 8 minutes + 2 minutes for Questions and Answers
  - Try to distribute your slides to all members of your group equally
